

**Department of State's Trafficking in Persons (TIP) Office: Kelsey Brennan (MPIA '20)**

This summer, Kelsey Brennan (MPIA '20) is interning at the Department of State's Trafficking in Persons (TIP) Office. As a part of the Reports and Political Affairs Team, Kelsey is researching labor recruitment practices that perpetuate the cycle of trafficking. Last week, she attended the launch of the 2019 Trafficking in Persons Report presented by the Secretary of State.

Kelsey leads a human trafficking-focused working group at GSPIA, and hopes to apply what she learns this summer to future trafficking research.
